

WORK PROGRESS REPORT

This repository contains my work and progress for the Python video modules and the Challenging Task as assigned. The progress for both task and module are mentioned separately.

Completed Work:

- **Video Modules:** All required video and practice sessions are complete.

A. List of Completed Videos/Modules:

Module/session	Topic Covered	Status
Module 4 - Practice	Character to Number Conversion	Complete
Module 8 - Video 1	Conditionals: Boolean Values and Operators	Complete
Module 8 - Video 3	Conditional (if, if-else, if-elif-else)	Complete
Module 8 - Video 5	Iteration Statements (State, while, for, break, continue, pass)	Complete
Module 8 - Video 7	Iteration Applications	Complete
Module 8 - Video 9	Advanced Iteration Topics	Complete
Module 8 - Video 12	Supplemental Iteration Practice	Complete

B. Group Project Status (In Progress):

Component	Status	Key Activity
Challenging Task	In Progress	Requirements and design are currently under discussion with the team.
Presentation	Planning Phase	Structure and content are being discussed with the team to ensure a unified approach.
